# GENERAL SECRETARY'S MESSAGE

I am pleased to present Vision 2026's annual report for 2019-20. Alhamdulillah, 2019 marked our 15th year of delivering humanitarian aid and assistance to those in need, across the length and breadth of India. In addition, Human Welfare Foundation continued to increase its emphasis on sustainable development and livelihood projects, to encourage self-sufficiency.

The year was filled with many natural and man-made disasters in India and across the world. Vision 2026's team responded by undertaking and supporting, amongst others, Fani Cyclone in Odisha, Floods in Assam, Bihar, Kerala, Karnataka, Punjab, Rajasthan etc., Communal Violence in Delhi and outbreak of COVID-19 Pandemic.

These projects were undertaken alongside our projects and efforts around Education, Healthcare, Community Development, Orphan Aid, and Ramadan Food Aid.

The team behind Vision 2026 has been working to implement a comprehensive plan that includes education, health, basic necessities, livelihood, orphan care, civil rights protection, disaster management, village development etc. We have implemented some highly successful projects in different fields with the cooperation of national and international organizations. A major focus of Vision 2026 is in the field of education and the development of the villages. In the domain of village development, Vision 2026 has planned to adopt 101 villages under the project of 'Gramin Dosti' in the next five years aiming at their basic development up

to the national average. VISION 2026 has also initiated Nagrik Vikas Kendra, two years ago, for the promotion of government welfare schemes across the country. Our experiences in the field of educational activities have stimulated us to intervene among the children from slums and remote villages. It facilitates their access to the formal schooling system through the project titled "Community Learning Centre"(CLC).

This would not have been possible without the help of Allah (SWT) and you, our donors, our partners and our team. Thank you for your continued support, and for making our mission to improve and shape the lives of so many vulnerable families and communities a reality. Your generosity and support continues to enable Human Welfare Foundation to make a real difference by delivering high impact, quality projects.

I would like to express my sincere thanks and deep appreciation to our wonderful staff and the Board of Trustees on their ethos, commitment, set of values and professionalism they bring to this organisation.

We look forward to the year ahead, and ask Allah (SWT) in His Infinite Mercy and Wisdom to always guide and protect HWF and our supporters, Insha-Allah(Ameen).

**T. ARIF ALI**  
General Secretary

## MISSION

Our mission is to serve the poor and deprived sections of the society by providing them the basic amenities like education, healthcare, food and shelter that equip individuals to become an equal partner in the progress of the nation, and by helping the sufferers of calamities to move towards a world free from hunger, ignorance, deprivation, and exploitation.

It is where people of different walks of life join together as neighbors, to discuss the place they live in, and how they can make it better. Hence, the building of Community Centres in villages and amidst different communities is of utmost importance.

The Foundation works to build low cost houses around the country for the communities and people who still live without a roof over their heads. With the help of our various donors and resources, we are able to fund the planning and construction of these houses, thus helping us make a lot of new homes for a lot of people.

## YOUR CONTRIBUTION...

The generosity and kindness of individuals, groups or organisations have allowed Human Welfare Foundation (HWF) to deliver life changing programs for during recent past. Thousands of people like you, who persevere day in and day out as volunteers and partners of this humane venture, form its backbone, putting in a lot of efforts and time to turn this dream into reality.

We take this opportunity to acknowledge and appreciate the value of your treasured support. The poor who cannot afford a set of clothes, the countless starving sisters forced to sell their honour for a few crumbs, parents too indigent to pay for the legal fights for their unjustly incarcerated children, and millions of kids so far denied a chance for education - all these look up to the generous people like you - with desperate hope. If we can leave aside a small portion of any extravagances on weddings, dinner parties, entertainments and the like, it will mean a lot for them: one meal for the hungry, a pair of clothes for the needy, a scholarship for a child.

The destitute need your support in cash and kind and you are capable enough to support the noble cause of catering to their needs. We expect your helping hands forever in future so that the dark present of those people can be lightened in near future. It's only people like you who make us confident enough to proceed with new initiatives.
