CHAIRMAN Speaks

Dear Friends and Supporters,

It is with immense gratitude and a sense of purpose that I present to you the annual report of Vision 2026 for the past year. This year has been a testament to the unwavering commitment of our team, volunteers, and supporters who have relentlessly worked to fulfill our mission of serving the poor and deprived sections of society.

Our mission—to provide basic amenities such as education, healthcare, food, and shelter—remains at the heart of our efforts. We believe these are not just services but essential rights that empower individuals to live with dignity and contribute meaningfully to the progress of our nation. In every step we take, we strive to uplift the grassroots, focusing on those who are often overlooked and enabling them to achieve what every citizen deserves—a life of opportunity and hope.

Education remains our focused intervention as we see it as most powerful tool to transform lives. This year, our education programs reached over 1.3 million beneficiaries, empowering them with the knowledge, skills, and opportunities they need to break free from the cycle of poverty. Whether through building schools, providing scholarships, training teachers, and offering coaching and career guidance. Our efforts have been

The highlights of the year were inauguration of Malda TSS adding sixth school under our brand of TSS, Football Turf in the Guwahati TSS, inauguration of Sayyid Hamid Block and multipurpose hall in Delhi TSS, and completion of Girls' degree college in Mewat Campus. This accomplishment serves as a testament to the power of collective action and the resilience of the communities we serve.

As we look back, we take pride in the milestones achieved, yet we remain deeply aware of the challenges ahead. The stories of lives transformed through education, access to healthcare, and support during crises motivate us to persevere. Our initiatives have been possible only because of the trust and support from donors, well-wishers, and our dedicated team who share our vision.

Looking forward, we remain committed to broadening our impact and deepening our partnerships. Together, we can break the chains of poverty and exclusion, building a future where every individual has the chance to thrive.

Thank you for standing with us on this journey. With your continued support, we will persist in creating meaningful change, one life at a time.

T. ARIF ALI
Chairman,
Vision Governing Council

Dear Partners, Donors, and Friends,

I am pleased to present our Annual Report for the calendar year 2024, which highlights our organizations' remarkable progress and achievements. This year has been marked by significant milestones and successful initiatives that have propelled our mission forward and brought about positive change in the communities we serve. The past year has been one of transformation and resilience. Despite the challenges faced by the social sector nationwide, our organizations have continued to adapt, innovate, and deliver meaningful impact where it is needed most.

This year, we have expanded our reach, strengthened our programs, and deepened our partnerships. Whether through direct interventions, advocacy, or capacity-building efforts, we have remained committed to uplifting those we serve. None of this would have been possible without our incredible team, dedicated volunteers, and the unwavering support of our donors and partners.

Vision 2026 has been implementing dynamic and diverse programs and project activities in the fields of education, health, community development, hunger relief, women empowerment, disaster management, village development and economic empowerment. Despite facing funding challenges, we are, remodelling our intervention in advancing towards mainstreaming the causes of social upliftment. And this year we have focused on the digitization and sustainability of our projects.

Apart from these initiatives, last year we focused on streamlining the administrative processes of our educational institutions and optimizing construction workflows. We launched a teacher training series across multiple states and expanded our consultancy services for public schools. Additionally, we developed multiple digital applications to support crowdfunding and public relations efforts, alongside establishing new social media pages in multiple languages to enhance outreach and engagement.

Vision 2026 believes in bottom-up and participatory planning. Based on this belief, our concerned organizations have developed a model methodology to prepare a village development plan considering the village as a unit of development.

With our efforts and work of the outgoing year, we have a sense of satisfaction for yesterday and expectations for tomorrow. Looking ahead, we remain focused on amplifying our impact, embracing innovation, and driving sustainable change. With your continued support, I am confident that we will reach even greater heights in the coming year.

Thank you for standing with us. Together, we are building a brighter future for all.

DIRECTOR'S Message

With gratitude,
M. Sajid
Director, Vision 2026

Siddique Hassan Campus

Mewat, Haryana

Of the 101 districts that have signed up for the Indian Government's 'Transformation of Aspirational Districts' program for the empowerment of most underdeveloped districts in India, Haryana's Nuh/Mewat is the lowest-ranked. We intend at transforming the campus into a hub of education and training where underprivileged sections of society will get affordable and quality education and other services that they are deprived of for a long.

Prof. K.A. Siddique Hassan Memorial PG Scholarship

140+
awardees
so far

In January 2022, Vision announced a new PG scholarship program in the name of our Founder GS, and the chief architect of the Vision project Prof. K.A Siddique Hassan. The scholarship is a yearly program intended at supporting young talents from the most marginalized communities in the country. Target beneficiaries of the scholarship are PG students with potential leadership qualities who are in their first semester studying in premier institutes in the country. So far 140+ students were awarded the scholarship.

CTAG is one of our promising projects which aims at providing and organizing career guidance and counseling activities and programs all over the country. The centre mainly focuses on marginalized communities in order to help them move forward in higher education and training. Different activities carried out by the center include:

- Career Guidance and Counselling
- Guidance on Scholarship & Fellowships
- Career Trainers' Training Programs
- Research Guidance Program
- Talent Mentorship Program

WBCS Residential Coaching Centre in Kolkata

Outcome so far

WBCS Coaching Program is a promising project initiated by Vision 2026 under CTAG. The program aims at providing residential and free coaching for West Bengal Civil Service. Under the program, we started a residential coaching centre in Kolkata, West Bengal. So far 58 students in 3 batches have received coaching. Total 19 students have qualified prelims exams and 12 of them secured government jobs. In the current Batch 9 students have qualified prelim exam their mains result is to be declared. This is the first of its kind as the organization is planning to set up such centres in other underperforming districts as well.

50,000+
Food Packets

Our hunger relief reached **1,02,000 families** in 22 states

In India a significant portion of the population still faces food insecurity, with many struggling to access adequate nutrition, particularly in vulnerable communities, leading to health issues like malnutrition and stunted growth, impacting their overall development and quality of life.

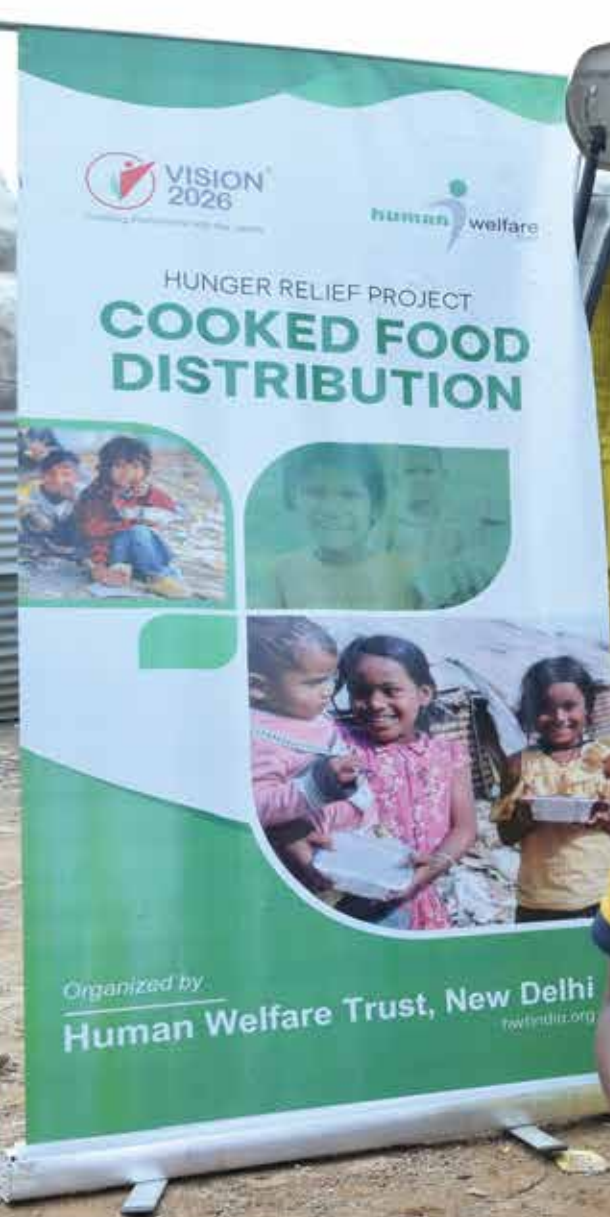

Poverty is a major hindrance to the growth of any society. Keeping this in mind, Vision implements the Hunger Relief Program helping thousands of people fight hunger. Under the program, we provide food kits to the neediest twice a year. In 2024, we could reach 1,02,000 families in 22 states of the country.

HUNGER RELIEF PROJECT

The project is to serve the cooked meal to the needy and downtrodden through community kitchens and was initiated in the wake of the worsening hunger crisis due to the Covid- 19 induced lockdowns and consequent loss of jobs in India. Currently, we are distributing cooked meals in hungers spots in Delhi and Lucknow. Under the program, in 2024, we distributed more than 2.03lac food packets.

Response to Emergencies

The Society for Bright Future (SBF) has been at the forefront of disaster relief efforts, this year responding to various emergencies across multiple states, including:

Floods: Assam, Bihar, UP, Punjab, and Gujarat

Fires: Bengal, Haryana, Delhi, and Bihar

Cyclones, Landslides, and Train Accidents: Gujarat, Kerala, Jharkhand, and Bihar. The people were helped with Medical Relief Camps, Ready-to-Eat Meals, Baby Food, Relief Material and Drinking Water

This year, 23,807 people and 260 animals were rescued during emergencies.

Project Rahat

With dipping temperatures, in north India, and no warm clothes to protect them from the chill, hundreds of homeless die every winter in India. Project Rahat aims at protecting the homeless/needly people from the killing weather in the winter and minimizing cold wave-induced fatalities among them. This year, The Society for Bright Future (SBF) has successfully distributed over 15,641 blankets in 14 states, ensuring warmth and comfort during harsh winters. A total of 209 Places covered across North India, including families, children, elderly individuals, and homeless populations, were prioritized for support. This impactful effort reflects SBF's dedication to mitigating hardships and fostering well-being among those most in need.

15641 blankets to needy families in 14 states.

8 DECENT WORK AND
ECONOMIC GROWTH

**Interest-free
Microfinance**

**SAHULAT
MICROFINANCE**

Distribution of branches

SAHULAT is a voluntary non-political, non-profit social service organization that aims to provide interest-free microfinance options for reducing socio-economic disparities. It is working through affiliated cooperatives in different states.

Growth in branches
